INTERNATIONAL INFORMATION FOR THE BATTERY
1. Look for the International Telephone Access Code (ITAC) at the beginning of the phone number, which allows you to dial in international directories. This code is usually 011. For example, to dial in France, you would use 011 33 1 70 12 34 56.
2. If you need to make long-distance calls, you should dial the ITAC code, followed by the country code, area code, and phone number. For example, to call Paris, you would use 011 33 1 70 12 34 56.
3. If you are calling from outside France, you should use the International Dialing Prefix (IDP), which is usually 001. For example, to call Paris, you would use 001 33 1 70 12 34 56.
4. If you are calling from France, you should use the International Dialing Prefix (IDP), which is usually 00. For example, to call Paris, you would use 00 1 70 12 34 56.
5. If you are calling from another country, you should use the International Dialing Prefix (IDP), which is usually 00. For example, to call Paris, you would use 00 1 70 12 34 56.
