Limited Warranty

The Little Tikes Company makes fun, high-quality toys. We warrant to the original purchaser that this product is free of defects in materials or workmanship for one year * from the date of purchase. At the sole election of The Little Tikes Company, the only remedies available under this warranty will be either replacement of the defective part of the product or refund the purchase price of the product. This warranty is valid only if the product has been assembled and maintained per the instructions. This warranty does not cover abuse, accident, cosmetic issues such as fading or scratches from normal use, or any other cause not arising from defects in material and workmanship.

U.S.A and Canada: For warranty service or replacement part information, please visit our website at www.littletikes.com, call 1-800-321-0183 or write to: Consumer Service, The Little Tikes Company, 2180 Barlow Road, Hudson, OH 44236, U.S.A. Some replacement parts may be available for purchase after warranty expires—contact us for details.

Wet and Dry Inflatable Bouncers Warranty: We warrant to the original purchaser that the fabric in this product is free of defects in materials or workmanship for 90 days from the date of purchase, and the blower is free of defects in material or workmanship for one year from the date of purchase (dated sales receipt required for proof of purchase). Outside U.S.A and Canada: Contact place of purchase for warranty service.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

*The warranty period is three months for daycare or commercial purchasers.

CAUTION - ELECTRICALLY OPERATED PRODUCT.
OPERATION OF BLOWER FAN UNIT NOT RECOMMENDED FOR CHILDREN UNDER 14 YEARS OF AGE.
AS WITH ALL ELECTRONIC PRODUCTS, PRECAUTIONS SHOULD BE OBSERVED DURING HANDLING AND USE TO PREVENT ELECTRIC SHOCK.

WARNING: FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.
Do not use extension cords with this product. Outdoor use only. Retain instructions with product.

“Let’s care for the environment!”
The wheelie bin symbol indicates that the product must not be disposed of with other household waste. Please use designated collection points or recycling facilities when disposing of the item.

Please keep this manual as it contains important information.

Contents

A 1 inflatable water park
B 6 water park stakes
C 1 storage bag
D 1 blower with GFCI plug
E 4 blower stakes
F 1 hose assembly kit
G 1 repair kit

Storage

1 Fold all pieces of the Water Park (i.e. Slide, Air Inlet Tube, etc.) toward the center. NOTE: if bottom surface is still moist, allow it to air dry prior to folding.

2 Roll up the Water Park tightly and compress the fabric to expel all of the remaining air.

NOTE: Do not place the Water Spray Tubing inside the Water Park when rolling it up.

3 WARNING: NOT A TOY. ADULT USE ONLY. Repair kit. Keep away from children.

Repair Kit Instructions

1. Deflate the item, clean the area and allow to dry thoroughly.
2. Cut a portion of the patch to the size needed and round the corners. (See Fig. 1 & 2).
3. Remove the adhesive backing from the patch material, position the patch over the damaged area and smooth out any bubbles.
4. Allow to sit for 30 minutes before re-flating.

WARNING: Repair patches must be applied by an adult only. KEEP OUT OF REACH OF CHILDREN.

REPAIR PATCH INSTRUCTION
1. Deflate the item, clean the area and allow to dry thoroughly.
2. Cut a portion of the patch to the size needed and round the corners. (See Fig. 1 & 2).
3. Remove the adhesive backing from the patch material, position the patch over the damaged area and smooth out any bubbles.
4. Allow to sit for 30 minutes before re-flating.

Instructions for Bouncer Maintenance

• As an outdoor product, the bouncer is subject to wear and deterioration. Inspect for signs of fabric failure; weak or torn surfaces must be repaired promptly.
• To keep the product clean: wipe the bouncer or blower using a dry cloth or a cloth dampened with a neutral, non-inflammable, non-toxic cleaning and sanitizing solution or pure water.
• Product should never be stored wet. Allow to dry before rolling up.

Instructions for Blower Maintenance

• Blower must be unplugged before servicing.
• Product should be periodically examined for potentially unsafe conditions such as damaged cord, plug, housing, or parts, and that in the even such damage is found, the product should not be used until properly repaired. If these checks are not carried out, the toy could overturn or otherwise become a hazard.
• The blower does not require any lubrication and has no user serviceable parts. Do not attempt to service the blower.
• Do not immerse the fan in water. To clean, wipe with a damp cloth.
• Regularly check the intake and output openings and keep free of dirt, leaves, etc.
• When not in use, store the blower indoors in a dry place.
• Store the blower upright on a stable surface.
• Loosely coil the cord and place it beside the blower.
• When in use, do not place the cord across traffic areas, water or damp areas.
• The blower is a high volume blower, and is capable of moving large volumes of air very quickly. Place the blower in an area where it will not draw in dirt or leaves.

Disposal

• Disassemble and dispose of the equipment in such a manner that no hazardous conditions exist at the time the equipment is discarded.
• Blower should be returned to a collection center capable of processing electrical/electronic waste.
Safety Warnings: SET UP

- ADULT SUPERVISION AND SETUP REQUIRED. This product should be inflated or deflated only by a competent adult. Follow all instructions provided.
- Intended for outdoor domestic family use only. Not for use in public areas or as a rental.
- Product should never be dragged across concrete, pavement or other rough surfaces.
- WARNING! Keep away from fire. Keep fabric clear of all flame and ignition sources.
- Do not sit on the edges of the pool as flooding may occur.
- Do not set up in windy or rainy conditions: sudden gusts of wind could result in head or other serious injuries. Never put on concrete, asphalt, packed earth, wood or other hard surfaces. Carpet over hard floors may not prevent injury. Product is heavy. Use caution when lifting.
- Maximum fall height is 56 inch (142 cm).
- Children-especially toddlers-are at high risk of drowning. Closely watch children who are in or near this pool. Empty pool or prevent access when not in use.
- ADULT SET UP REQUIRED. DO NOT SET UP ON HARD SURFACES. Falts onto hard surfaces could result in head or other serious injuries. Never put on concrete, asphalt, packed earth, wood or other hard surfaces. Carpet over hard floors may not prevent injury. Product is heavy. Use caution when lifting.
- Maximum fall height is 56 inch (142 cm).
- Minimum clearance zones: Place at least 6.6 ft (2m) away from any other objects. Objects to be avoided include but are not limited to fences, buildings, trees, overhead branches, laundry lines, electrical wires, walls, or bodies of water.
- Make sure the area around the product is secure by adding safety barriers, if necessary, to keep young children and pets from gaining access.
- Electrical cord must not be passed under the air filled devices (inflatable bouncer) and interfere with its operation.
- The blower is actually a powerful blower (air pump) to maintain pressure, only to be used by an adult.
- Only the blower supplied should be used for inflation.
- Do not set up in windy or rainy conditions: sudden gusts of wind could result in head or other serious injuries. Never put on concrete, asphalt, packed earth, wood or other hard surfaces. Carpet over hard floors may not prevent injury. Product is heavy. Use caution when lifting.

Safety Warnings: FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

- Constant, competent adult supervision of children and other young users is required at all times.
- Keep the area around the product clean, and clear of objects, to prevent slips and falls.
- Instruct children on proper use of this product. Do not use in a manner other than intended.
- Helmets, headgear, shoes, glasses, loose clothing, scarves, hoods, or clothing containing drawstrings should not be worn when using this product.
- Do not allow children to attach items to the product that are not specifically designed for use with the equipment, such as not limited to, jump ropes, clothesline, pet leashes, cables and chains as they may cause a strangulation hazard.
- Keep pets away from product.
- Bounce away from others and stay away from sides wall, especially the opening.
- Do not jump onto or off of product.
- Do not allow children to play together who are unevenly matched in weight and height.
- Thoroughly dry before use.
- Total weight of children must not exceed 350 lbs. (max. individual weight = 110 lbs) on inflated surface.
- NEVER slide down the slide until the splashdown area is clear.
- NEVER slide or jump down the climbing wall.
- CAUTIONS:
  • Children can drown in a very small amount of water. Empty the pool when not in use.
  • To avoid the risk of injury, ALWAYS slide down the slide with feet first. NEVER slide down on your stomach or head first.
  • Only one child should be on the slide and climb at one time.
  • Total weight of children must not exceed 350 lbs. (max. individual weight = 110 lbs) on inflated surface.

Water Signs in Water Park

WARNING: NEVER JUMP OR DIVE FROM ANY PART OF THE WATER PARK!

WARNING: DO NOT USE OUTDOOR FOOTWEAR ON ANY PART OF THE WATER PARK AS IT MAY BECOME DAMAGED.

WARNING: BE CAREFUL SOME OF THE WATER PARK SURFACES ARE SLIPPERY AND MAY PRESENT A TRIPPING HAZARD.

WARNING: ONLY SLIDE DOWN THE WATER SLIDE IN A SITTING POSITION WITH FEET IN FRONT OF YOU.

WARNING: NO GLASS IN POOL AREA.

WARNING: NO DIVING OR JUMPING SHALLOW WATER

DO NOT GO DOWN THE CHUTE BACKWARDS

NO DIVING, BACKLIPS OR SOMERSAULTS

TO AVOID SERIOUS INJURY ALL POOL USERS MUST KNOW AND FOLLOW THESE SAFETY RULES.

DIVING MAY RESULT IN PERMANENT INJURY OR DEATH

- CHILDREN MUST BE ACCOMPANYED BY AN ADULT.
- NO RUNNING, JUMPING, OR HORSEPLAY IN OR AROUND POOL.

PLAYING IN THE WATER PARK

NOTE: It is normal to see air bubbles rising from the pool floor and other wet areas of the Water Park.

SLIDING
1. Climb up the climbing wall to the top of the slide.
2. Sit on the top with our feet pointing down the slide.
3. Scoot forward and slide down into the splashdown area.
4. DO NOT slide down on your stomach or head first.
5. Do not face the sun when sliding.

Blower Set Up

1. Attach long Air Intake Tube on the Water Park to the mouth of the Blower Motor with the attached drawstring. Make sure the Intake Tube is free of twists or kinks.

2. Wrap drawstring once around the Intake Tube before tying off. This ensures a tight seal.

3. Tie off the short Air Outlet Tube tightly to make a good seal.

NOTE: Position the blower motor perpendicular and level to the Water Park. Make sure that the blower is upright on a stable surface. Do not place the blower in an area where it can draw up dirt, leaves and other debris. Make sure that the blower is at least 6.6 ft. (2m) away from any structure or obstacle such as a fence, garage, overhanging branches or electrical wires.

Blower Maintenance

- Blower must be unplugged before servicing.
- Product should be periodically examined for potentially unsafe conditions such as damaged cord, plug, housing, or parts, and that in the event such damage is found, the product should not be used until properly repaired.
- The blower does not require any lubrication and has no user serviceable parts. Do not attempt to service the blower.
- Do not immerse the blower in water. To clean, wipe with a damp cloth.
- Regularly inspect the intake and output openings and keep free of dirt, leaves, etc.
- When not in use, store the blower indoors in a dry place.
- Store the blower upright on a stable surface.
- Loosely coil the cord and place it beside the blower.
- When in use, do not place the cord across traffic areas, water or damp areas.
- The blower is a high volume blower, capable of moving large volumes of air very quickly. Place the blower in an area where it will not draw in dirt or leaves.

Inflating the Water Park

4. Test the Blower AC Adapter:
   1. Plug GFCI into receptacle.
   2. Press reset button.
   3. Press test button.
   4. Press reset button to use product. Do not use if the button fails to disable the blower.
   ! WARNING: If the blower remains ON when the “test” button is pushed, the unit is NOT working properly. DO NOT USE THE UNIT. Take the unit to a certified electrician immediately.

5. Re-measure minimum clearance zone prior to inflation.

6. Switch power on. If blower does not operate when switched on, press reset button on GFCI adapter.

7. Water Park will inflate in under 90 seconds. Blower should remain ON to continuously inflate the Water Park during use. Air flow through seams is normal (do not try repair or seal seams).

Water Park Spray Assembly, Part 1

1. Make sure the Hose Assembly is attached to the Water Park as shown. Connect the Tubing to the hook and loop closures down the side of the inflatable.

   Connect the Single - Outlet Sprayer to the top as shown

   Attach the garden hose to the end of the Tubing Assembly.
**Staking the Water Park**

⚠️ CAUTIONS: The Water Park and all its anchorage points should be checked before and during use. Reinflate or re-secure as appropriate. **DO NOT** let children play on the water park until it is fully inflated!

1. Secure the Water Park to the ground with the provided stakes. To prevent tripping, pull the stake loops all the way out, then drive stakes completely into the ground.

中医

2. Secure the Blower to the ground with the provided stakes.

中医

## WATER PARK CAUTIONS:
- Drive ground stakes completely into the ground to avoid tripping hazard.
- Do not use the Water slide until an Adult has assembled, staked down, and fully inflated.
- Do not set up or inflate the Water Park in windy and/or rainy conditions as wind gusts may cause the park to become unstable and possibly be lifted from the ground.

**Water Park Spray Assembly, Part 2**

1. Turn on the garden hose and adjust the pressure as desired. Make sure that a steady spray of water comes out of the sprayer and keep the slides wet.

中医

**Water Park Placement**

Designate a flat, level surface that allows for 6.6 feet (2m) of minimum clearance around the Water Park.

**NOTE:** **DO NOT** place the Water Park on a hard surface like asphalt, concrete or packed earth as both serious bodily injury and damage to the Water Park could result.

### ASSEMBLY AREAS
- Make sure the assembly area is flat and level and is free of rocks, sharp objects or other obstructions.
- Do not set up the Water Park on a slope or inline.
- Do not set up the Water Park on hard-packed earth, asphalt, decking or any hard surface as doing so may result in physical injury and/or damage to the Water Park.
- Once the Water Park is inflated or filled with water, do not attempt to drag it to another location.
- Check your local county or city regulations for requirements on securing the pool.
- Secure the pool from unauthorized use.

### Minimum Clearance Zones

**MINIMUM CLEARANCE ZONES**
Make sure that there is a 6.6 ft. (2m) obstacle-free zone around the product, including the slide and overhead.

**INFLATABLE SIZE:** 14.1W x 13.5D x 8.7H ft. (4.3 x 4.1 x 2.6m)

**Unfolding the Water Park**

1. Remove contents from the carrying bag.

中医

2. Unroll and unfold the Water Park in the center of the designated area.

中医
IMPORTANT - Inflatable Water Park MUST be drained of all water and be COMPLETELY DRY before storage in order to avoid mold and mildew.
DO NOT fold and store Water Park if any moisture remains.
IMPORTANT - All children MUST EXIT the Water Park before deflation or draining water.
IMPORTANT - For best results, 2-4 people should drain and move the Water Park.

1. Turn off the blower motor and unplug it from the outlet. Move the blower to dry ground if it appears that it will get wet from draining water.

2. Turn off the garden hose and disconnect it from the Clear Plastic Tubing.

3. As the Water Park deflates, water will find the lowest point and drain from the collapsing pool walls.

4. Lift the bottom of pool from one side to the other to let the remaining water drain.

5. Re-stake the Water Park and blower, tie the inflation tube to the blower, then reconnect and power up the blower.

6. Leave the Water Park inflated until all remaining water has evaporated and the Water Park is dry. This may take 2 hours or more depending on weather conditions.

7. Once Water Park is completely dry, turn off the blower motor and unplug it from the outlet.

8. Untie the drawstring from the short Outlet Tube and allow the Water Park to fully deflate. Remove the Hose Assembly and wrap it up with no kinks.

Draining & Deflation

INSTRUCTIONS FOR BLOWER INSTALLATION

NOTE: Set up as close to power source as possible. The product should be periodically examined for potentially unsafe conditions such as: damaged cord, plug, housing or parts, and that in the event such damage is found, the product should not be used until properly repaired. Never leave the blower outside in the rain or exposed to the elements when not in use. When in use, do not place the cord across traffic areas, water or damp areas. The blower should be placed on a stable surface and anchored per product instructions. The power cord of the blower is equipped with a Ground Fault Current Interrupter (GFCI) plug.

1) Make sure that the blower switch is in the “OFF” position. Plug the blower into a properly grounded 110-120V GFCI outlet.
2) If the GFCI has been tripped, press the “RESET” button to restore power to the blower.
3) Set the power switch of the blower to “ON” to inflate. After use, turn the power to “OFF”.
4) To disconnect, have an adult grip it tightly and pull the plug from wall outlet.

INSTRUCTIONS FOR BLOWER CLEANING AND STORAGE

Do not immerse the blower in water. Unplug the blower before cleaning. To clean: wipe with a damp cloth. The blower does not require any lubrication and has no user serviceable parts. Do not attempt to service the blower. When not in use, store the blower indoors in a dry place. Store the blower upright on a stable surface. Loosely coil the cord and place it beside the blower.

GROUNDING METHODS

This blower is not a toy. Use under the direct supervision of a competent adult. Keep away from children.
