Limited Warranty

The Little Tikes Company makes fun, high-quality toys. We warrant to the original purchaser that this product is free of defects in materials or workmanship for one year* from the date of purchase (dated sales receipt is required for proof of purchase). At the sole election of The Little Tikes Company, the only remedies available under this warranty will be either replacement of the defective part of the product or refund the purchase price of the product. This warranty is limited to the product or refund the purchase price of the product only if the product has been assembled and maintained per the instructions. This warranty does not cover abuse, accident, cosmetic issues such as fading or scratches from normal wear, or any other cause not arising from defects in material and workmanship.

U.S.A and Canada: For warranty service or replacement part information, please visit our website at www.littletikes.com or call Consumer Service, The Little Tikes Company, 2180 Barlow Road, Hudson OH 44236, U.S.A. Some replacement parts may be available for purchase after warranty expires - contact us for details.

*Wet and Dry Inflatable Water Parks Warranty:
We warrant to the original purchaser that the fabric in this product is free of defects in materials or workmanship for 90 days from the date of purchase, and the blower is free of defects in material or workmanship for one year from the date of purchase. Dated sales receipt is required for proof of purchase. Outside U.S.A and Canada: Contact place of purchase for warranty service.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Rocky Mountain River Race Water Park
Instructions for Installation and Operation

Ages: 5-10 years

CAUTION - ELECTRICALLY OPERATED PRODUCT.
OPERATION OF BLOWER FAN UNIT NOT RECOMMENDED FOR CHILDREN UNDER 14 YEARS OF AGE. AS WITH ALL ELECTRONIC PRODUCTS, PRECAUTIONS SHOULD BE OBSERVED DURING HANDLING AND USE TO PREVENT ELECTRIC SHOCK.

WARNING: FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

Do not use extension cords with this product. Outdoor use only.
Read all instructions before assembling this inflatable device. Keep instructions for future use.

WARNING

ELECTROCUTION RISK:
- KEEP ALL ELECTRICAL LINES, RADIOS, SPEAKERS AND OTHER ELECTRICAL DEVICES AWAY FROM THE CONSTANT AIR INFLATABLE.
- DO NOT PLACE THE CONSTANT AIR INFLATABLE NEAR OR UNDER OVERHEAD ELECTRICAL LINES.

Let's care for the environment!

The wheelie bin symbol indicates that the product must not be disposed of with other household waste. Please use designated collection points or recycling facilities when disposing of the item.

Please keep this manual as it contains important information.

Contents

A 1 inflatable water park
B 7 water park stakes
C 1 carrying bag
D 1 heavy-duty blower
E 4 blower stakes
F 1 hose assembly kit
G 4 repair patches

![Warning: Repair patches must be applied by an adult only.]

Prevent Drowning

Children—especially toddlers—are at high risk of drowning. Closely watch children who are in or near this inflatable device. Empty inflatable device or prevent access when not in use.

Drowning Risk:
- Keep unsupervised children from accessing the pool by installing fencing or other approved barrier around all sides of the Water Park.
- State or local laws or codes may require fencing or other approved barriers. Check state or local laws and codes before setting up the Water Park.
- Drowning occurs silently and quickly. Assign an adult to supervise the Water Park.
- Keep children in your direct sight when they are in or near the Water Park and when you are filling and emptying the Water Park.
- When searching for a missing child, check the pool first, even if you think your child is in the house.

First Aid:
- Keep a working phone and list of emergency numbers near the Water Park.
- Become certified in cardiopulmonary resuscitation (CPR) so you can respond to an emergency.

Instructions for Water Park Maintenance

- As an outdoor product, the inflatable is subject to wear and deterioration. Inspect for signs of fabric failure; weak or torn surfaces must be repaired promptly.
- To keep the product clean: wipe the Water Park or blower using a dry cloth or sanitizing solution or pure water.
- Product should never be stored wet. Allow to dry before rolling up.

Disposal

- Disassemble and dispose of the equipment in such a manner that no hazardous conditions exist at the time the equipment is discarded.
- Blower should be returned to a collection center capable of processing electrical/electronic waste.

Storage

1. Fold all pieces of the Water Park (i.e., Slide, Air Inlet Tube, etc.) toward the center. NOTE: If bottom surface is still moist, allow it to air dry prior to folding.
2. Roll up the Water Park tightly and compress the fabric to expel all of the remaining air.
3. NOTE: Do not place the Water Spray Tubing inside the Water Park when rolling it up.

Repair Patch Instructions

1. Cut a portion of the patch to the size needed and round the corners. (See Fig. 1 & 2).
2. Remove the adhesive backing from the patch material, position the patch over the damaged area and smooth out any bubbles.

Instructions for Blower Maintenance

- Blower must be unplugged before servicing.
- Product should be periodically examined for potentially unsafe conditions such as damaged cord, plug, housing, or parts, and that in the even such damage is found, the product should not be used until properly repaired. If these checks are not carried out, the product could overturn or otherwise become a hazard.
- The blower does not require any lubrication and has no user serviceable parts. Do not attempt to service the blower.
- Do not immerse the fan in water. To clean, wipe with a damp cloth.
- Regularly check the intake and output openings and keep free of dirt, leaves, etc.
- When not in use, store the blower indoors in a dry place.
- Store the blower upright on a stable surface.
- Loosely coil the cord and place it beside the blower.
- When in use, do not place the cord across traffic areas, water or damp areas.
- The blower is a high volume blower, and is capable of moving large volumes of air very quickly. Place the blower in an area where it will not draw in dirt or leaves.
- Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not nest cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.

ATTENTION: Please DO NOT return to the store. If you encounter problems, or have questions, please call our qualified customer service technicians at 1-800-321-0183.
Draining & Deflation

IMPORTANT: Inflatable Water Park must be drained of all water and be COMPLETELY DRY before storage in order to avoid mold and mildew. DO NOT fold and store Water Park if any moisture remains.

IMPORTANT: All children MUST EXIT the Water Park before deflation or draining water.

IMPORTANT: For best results, 2 - 4 people should drain and move the Water Park.

<table>
<thead>
<tr>
<th>Step</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Turn off the blower motor and unplug it from the outlet. Move the blower to dry ground if it appears that it will get wet from draining water.</td>
</tr>
<tr>
<td>2</td>
<td>Turn off the garden hose and disconnect it from the Clear Plastic Tubing. Disconnect the garden hose from the outlet.</td>
</tr>
<tr>
<td>3</td>
<td>As the Water Park deflates, water will find the lowest point and drain from the collapsing pool walls. Lift the bottom of pool from one side to the other to let the remaining water drain.</td>
</tr>
<tr>
<td>4</td>
<td>Re-stake the Water Park and blower, tie the inflation tube to the blower, then reconnect and power up the blower.</td>
</tr>
<tr>
<td>5</td>
<td>Leave the Water Park inflated until all remaining water has evaporated and the Water Park is dry. This may take 2 hours or more depending on weather conditions.</td>
</tr>
<tr>
<td>6</td>
<td>Re-stake the Water Park and blower, tie the inflation tube to the blower, then reconnect and power up the blower.</td>
</tr>
<tr>
<td>7</td>
<td>Once Water Park is completely dry, turn off the blower and motor and unplug it from the outlet.</td>
</tr>

Safety Warnings: ELECTRICAL BLOWER

CAUTION: ELECTRICALLY OPERATED PRODUCT

WARNING: Failure to follow these instructions could result in serious injury or death. Adult set-up and supervision required.

INSTRUCTIONS FOR BLOWER INSTALLATION

NOTE: Set up as close to power source as possible. The product should be periodically examined for potentially unsafe conditions such as: damaged cord, plug, housing or parts; and that in the event such damage is found, the product should not be used until properly repaired. Never leave the blower outside in the rain or exposed to the elements when not in use. When in use, do not place the cord across traffic areas, water or damp areas. The blower should be placed on a stable surface and anchored per product instructions. The power cord of the blower is equipped with a Ground Faulty Circuit Interrupter (GFCI) plug.

1) Make sure that the blower switch is in the “OFF” position. Plug the blower into a properly grounded 110-120V GFCI outlet.
2) If the GFCI has been tripped, press the “RESET” button to restore power to the blower.
3) Set the power switch of the blower to “ON” to inflate. After use, turn the power switch to “OFF”.
4) To disconnect, have an adult grip it tightly and pull the plug from wall outlet.

INSTRUCTIONS FOR BLOWER CLEANING AND STORAGE

Do not immerse the blower in water. Unplug the blower before cleaning. To clean: wipe with a damp cloth. The blower does not require any lubrication and has no user serviceable parts. Do not attempt to service the blower. When not in use, store the blower indoors in a dry place. Store the blower upright on a stable surface. Loosely coil the cord and place it beside the blower.

This blower is not a toy. Use under the direct supervision of a competent adult. Keep away from children. READ AND SAVE THESE INSTRUCTIONS.
Safety Warnings: SET UP

- No shoes, no glasses.
- No hands or feet on net.
- The Maximum fall height of the inflatable device is 57 inches (145cm).
- Stakes should be placed at an angle for better anchorage, should be driven under the ground to prevent tripping.
- Keep pets away from product.
- Do not use product as a safety, life saving device.
- Never use product as a flotation or life-saving device.
- Always check and clean the blower before use.
- Always check the product and all its anchorage points before and during use, and re-secure as necessary.
- The Water Park uses a main powered blower (air pump) to maintain pressure, and the blower should run continuously while children are playing. The Water Park may result in permanent injury or death.

ADULT SUPERVISION AND SET UP REQUIRED. This product should be inflated or deflated only by a competent adult. Follow all instructions provided.

WARNING: Falls onto hard surfaces can result in head or other serious injuries. Never place on concrete, asphalt, wood, packed earth, grass or other hard surfaces. Carpet over hard floors may prevent injury. Constable supervision inside the Water Park is required at all times. Keep the area around the product clean, and dear of objects, to prevent slips and falls. Instruct children on proper use of this product. Do not use in a manner other than intended. Helmets, headgear, shoes, glasses, loose clothing, scarves, hoods, or clothing containing drawstrings should not be worn when using this product. Do not allow other toys or objects inside the product. Instruct children not to attach items to the product that are not specifically designed for use with the equipment, such as but not limited to, jump ropes, windshield, pet leashes, cables and chains as they may cause a strangulation hazard. Keep pets away from product. Bounce away from others and stay away from sides wall, especially the opening. Do not jump onto or off of product. Do not allow children to play together who are unevenly matched in weight and height.

The Maximum fall height of the inflatable device is 57 inches (145cm).

- Thoroughly dry before use.
- Total weight of children must not exceed 350 lbs. (max. individual weight = 110 lbs) on inflated surface.
- Never set up in windy or rainy conditions: sudden gusts of wind may lift the product off the ground.
- Do not set up in windy or rainy conditions: sudden gusts of wind may lift the product off the ground.
- Do not allow children to play together who are unevenly matched in weight and height.
- Stakes should be placed at an angle for better anchorage, should be driven under the ground to prevent tripping.
- Make sure the area around the product is secure by adding safety barriers, if necessary, to keep young children and pets from gaining access.
- Electrical control box not to be placed under the air typed device (inflatable Water Park) and interfere with its operation.
- The Water Park uses a main powered blower (air pump) to maintain pressure, only to be used by an adult.
- Always check product and all its anchorage points during use, and re-secure, as necessary, to keep young children and pets from gaining access.
- The Water Park may result in permanent injury or death.
- The Water Park may result in permanent injury or death.
- The Water Park may result in permanent injury or death.
- The Water Park may result in permanent injury or death.

Failure to follow these instructions could result in serious injury or death.

1. Climb up the climbing wall to the top of the slide.
2. Sit on the top with your feet pointing down the slide.
3. Scoot forward and slide down into the splashdown area.
4. Do NOT slide down on your stomach or head first.
5. Do not face the sun when sliding.

ADULT SUPERVISION AND SET UP REQUIRED. This product should be inflated or deflated only by a competent adult. Follow all instructions provided.

WARNING: Falls onto hard surfaces can result in head or other serious injuries. Never place on concrete, asphalt, wood, packed earth, grass or other hard surfaces. Carpet over hard floors may prevent injury.

- Minimum clearance zones: Place at least 6’ (2m) away from any other objects.
- Objects to be avoided include but are not limited to, fences, buildings, trees, overhead branches, laundry lines, electrical wires, walls, or bodies or sources of water.
- Make sure the area around the product is secure by adding safety barriers, if necessary, to keep young children and pets from gaining access.
- Electrical control box not to be placed under the air typed device (inflatable Water Park) and interfere with its operation.
- The Water Park uses a main powered blower (air pump) to maintain pressure, only to be used by an adult.
- Always check product and all its anchorage points during use, and re-secure, as necessary, to keep young children and pets from gaining access.
- Do not use extension cords with this product. Set up as close to power source as possible. The blower should be securely anchored to the ground before use.
- CAUTION: The blower is capable of moving large volumes of air very quickly. Place the blower in an area where it will not draw in dirt or leaves. Keep blower and power cord away from children, water and traffic.
- ATTENTION: Blower should remain on and continuously inflate Water Park during use. Airflow through seams is normal.
- Do not use the product if wind speed exceeds 20mph.
- Do not consume food, drink and gum on this product.

WARNING: Keep away from fire. Keep fabric clear of all flame and ignition sources.

- Do not set up in windy or rainy conditions: sudden gusts of wind may lift the product off the ground.
- Do not set up in windy or rainy conditions: sudden gusts of wind may lift the product off the ground.
- Do not set up in windy or rainy conditions: sudden gusts of wind may lift the product off the ground.
- Do not set up in windy or rainy conditions: sudden gusts of wind may lift the product off the ground.

Failure to follow these instructions could result in serious injury or death.

CAUTIONS:
- Children can drown in a very small amount of water. Empty the pool when not in use.
- To avoid the risk of injury, ALWAYS slide down the slide with feet first. NEVER slide down on your stomach or head first.
- Only one child should be on the slide and climb at one time.
- Total weight of children must not exceed 350 lbs. (max. individual weight = 110 lbs) on inflated surface.
- Never slide down the slide until the splashdown area is clear.
- Never slide or jump down the climbing wall.

Playing in the Water Park

Total weight of children must not exceed 350 lbs. (max. individual weight = 110 lbs) on inflated surface.

Water Warnings on the Water Park

IMPORTANT:
- To avoid serious injury or death, heed all warning signs that are printed on the Bouncer. These signs are shown below:

DANGER
NO DIVING OR JUMPING SHALLOW WATER

DIVING MAY RESULT IN PERMANENT INJURY OR DEATH
- CHILDREN MUST BE ACCOMPANYED BY AN ADULT.
- NO RUNNING, JUMPING, OR HORSEPLAY IN OR AROUND POOL.
- NO GLASS IN POOL AREA

WARNING Prevent Drowning

DANGER: Children-especially toddlers-are at high risk of drowning. Closely watch children who are in or near this Inflatable device. Empty inflatable device or prevent access when not in use.
Staking the Water Park

CAUTIONS: The Water Park and all its anchor points should be checked before and during use. Reinflate or re-secure as appropriate. DO NOT let children play on the Water Park until it is fully inflated.

Water Park Spray Assembly, Part 2

CAUTIONS: Drive ground stakes completely into the ground to avoid tripping hazard. Do not use Water slide until an Adult has assembled, staked down, and fully inflated. Do not set up or inflate the Water Park in windy and/or rain conditions. Pull the stake loops all the way out, then drive stakes completely into the ground.

Water Park Placement

Designate a flat, level surface that allows for 6.6 feet (2m) of minimum clearance around the Water Park. Falls onto hard surfaces can result in head or other serious injuries. Never place on concrete, asphalt, wood, packed earth, grass or other hard surfaces. Carpet over hard floor may not prevent injury.

ASSEMBLY AREA
- **Make sure the assembly area is flat and level and is free of rocks, sharp objects or other obstructions.**
- **Do not set up the Water Park on a slope or incline.**
- **Once the Water Park is inflated or filled with water, do not attempt to drag it to another location.**
- **Check your local county or city regulations for requirements on securing the pool.**
- **Secure the pool from unauthorized use.**

Minimum Clearance Zones

MINIMUM CLEARANCE ZONES
Make sure there is a 6.6-feet (2m) obstacle-free zone around the product, including the slide and overhead.

INFLATABLE SIZE:
12W x 12D x 8.42H feet (3.66 x 3.66 x 2.57 m)

Unfolding the Water Park

1. Remove contents from the carrying bag.
2. Unroll and unfold the Water Park in the center of the designated area.
3. Secure the Blower to the ground with the provided stakes.

CAUTIONS:
- Drive ground stakes completely into the ground to avoid tripping hazard.
- Do not use Water slide until an Adult has assembled, staked down, and fully inflated.
**Blower Set-up**

1. **Attach long Air Intake Tube on the Water Park to the mouth of the Blower Motor with the attached drawstring. Make sure the Intake Tube is free of twists or kinks.**

2. **Wrap drawstring around the tube and end of blower once, and tie tightly in place.**

3. **Tie off the short Air Outlet Tube tightly to make a good seal.**

NOTE: Position the blower motor perpendicular and level to the Water Park. Make sure that the blower is upright on a stable surface. Do not place the blower in an area where it can draw up dirt, leaves and other debris. Make sure that the blower is at least 6.6 ft. (2m) away from any structure or obstacle such as a fence, garage, overhanging branches or electrical wires.

**BLOWER MAINTENANCE**
- Blower must be unplugged before servicing.
- Product should be periodically examined for potentially unsafe conditions such as damaged cord, plug, housing, or parts, and that in the event such damage is found, the product should not be used until properly repaired.
- The blower does not require any lubrication and has no user serviceable parts. Do not attempt to service the blower, take to a reputable dealer.
- Do not immerse the blower in water. To clean, wipe with a damp cloth.
- Regularly inspect the intake and output openings and keep free of dirt, leaves, etc.
- When not in use, store the blower indoors in a dry place.
- Store the blower upright on a stable surface.
- Loosely coil the cord and place it beside the blower.
- When in use, do not place the cord across traffic areas, water or damp areas.
- The blower is a high volume blower, capable of moving large volumes of air very quickly. Place the blower in an area where it will not draw in dirt or leaves.

**CAUTION:** Heed all signs and warning labels on the blower motor.

**BLOWER CAUTIONS:**
- Do not open or try to service the blower. If blower needs servicing, take it to a reputable dealer.
- Clearly mark the path of the power cord to avoid tripping and/or damage by yard equipment such as lawn mowers, etc.
- Do not leave blower unattended.
- Do not allow blower to be used or played with by children.
- Do not cover the air intakes when the blower is being used and do not insert small objects into any part of the blower.
- **WARNING:** Electrical Hazard - DO NOT USE EXTENSION CORDS WITH THIS PRODUCT.
- Disconnect the blower from the power source when moving the slide.
- **WARNING:** To reduce the risk of fire or electric shock, do not use this blower with any solid - state speed control device.
- **WARNING** - DO NOT USE EXTENSION CORDS WITH THIS PRODUCT.
- **WARNING** - Do not open or try to service the blower. If blower needs servicing, take it to a reputable dealer.
- **WARNING** - Clearly mark the path of the power cord to avoid tripping and/or damage by yard equipment such as lawn mowers, etc.
- **WARNING** - Do not leave blower unattended.
- **WARNING** - Do not allow blower to be used or played with by children.
- **WARNING** - Do not cover the air intakes when the blower is being used and do not insert small objects into any part of the blower.
- **WARNING** - Disconnect the blower from the power source when moving the slide.
- **WARNING** - To reduce the risk of fire or electric shock, do not use this blower with any solid - state speed control device.

**Inflating the Water Park**

4. **Test the Blower AC Adapter:**
   1. Plug GFCI into receptacle.
   2. Press reset button.
   3. Press test button.
   4. Press reset button to use product. Do not use if the button fails to disable the blower.

5. **WARNING:**
   - If the blower remains ON when the “test” button is pushed, the unit is NOT working properly. DO NOT USE THE UNIT. Take the unit to a certified electrician immediately.

6. **Switch power ON.**
   - If blower does not operate when switched on, press the reset button on the GFCI adaptor.

7. **Water Park will inflate in under a minute Blower should remain ON to continuously inflate the Water Park during use. Air flow through seams is normal (do not try repair or seal seams).**

**Water Park Spray Assembly, Part 1**

1. **Make sure the Hose Assembly is attached to the Water Park as shown. Connect the Tubing to the hook and loop closures down the sides of the inflataze.**

2. **Attach the garden hose to the end of the Tubing Assembly.**

   - Connect the Single and Double - Outlet Sprayer to the top as shown.

   - Double Sprayer
   - Single Sprayer
   - Double Sprayer

   - Connect the Single and Double - Outlet Sprayer to the top as shown.
